

Dutch language course for Driestam and Dikkie en Dik parents only

Would you like to understand what is going on in your child's school? Would you like to help once in a while, but is it difficult because of the language barrier? Would you like to speak Dutch to other parents? Would you like to learn Dutch?

Join our Dutch language course at De Driestam!

This course is for Driestam parents only. And it is not a regular course. Learning Dutch is our main goal, but different from regular courses, we will also focus on school themes. It will help you to understand what is going on in school, what your child is learning, and you will acquire the extra vocabulary you need.

Learning together with other parents is nice and effective. You'll get to know other people and learn about your child's school in Dutch. This is fun for you, it is good for your child and it contributes to feeling comfortable at the school.
